AAPNATimes

Magic in Goa

AAPNA Infotech celebrated its 15th Annual Day in Goa in April 2022 with resounding success.

Aptly titled "Magic in Goa", AAPNA Annual Day was planned as a two-day event. The venue was the "Baywatch Resorts".

The teams were greeted by Abhijit (CEO) and Rakhi. The day started with team building games hosted by Mr Naresh Vij and Ms. Valerie Chatterjee. The games were absolute fun, and required teamwork, co-ordination, and sound strategy to triumph. At night everyone gathered back at the resort for a joyous pool-party, with lots of singing, dancing, and merry-making, accompanied by variety of Goan cuisines and drinks!

On the main day Commandos were greeted with some interesting ice-breaker games. The event began with the unveiling of AAPNA mascots – Ekam & Sunya – symbolizing the female and male commandos.

This was followed by the presentations of leadership team where they showcased their teams' achievements, successes, and plans for the coming years. The final presentation was of Abhijit Roy, where he made the big announcement of ESOP for all AAPNAites. This announcement was received with a thunderous applause by all, as everyone realized they would now own a stake in the organization's future and success.

Next was the customary Cake Cutting ceremony, followed by the widely anticipated segment – Awards & Recognitions. This year almost every AAPNAite's received some form of recognition, through a large list of award categories, including performance, loyalty, talent, teamwork, and a lot more. The top awards of MS Dhoni @ AAPNA and the Transformer @ AAPNA (EOY) went to Hardik Shah, and Vineet Tyagi, respectively. The award ceremony ended with a surprise in store – the leadership team presented two special awards – Pearl of Excellence to Sanghamitra Roy aka Rakhi for her leadership of the HR team and to – Abhijit Roy, for being a Mentor of Mentor to all AAPNAites! As Abhijit and Rakhi received their awards, they received a standing ovation of over five minutes – yes, a full 5 minutes! There were a lot of moist eyes, and tender moments all round as AAPNAites reflected on their bonds with the organization and with each other.

Magic in Goa

After this, the action shifted to the informal part of the day – cultural programmes and skits prepared by various teams. The skits and plays touched upon the most common topics of the industry – attrition, hiring complexities, remote and work from home challenges and so on. The Durgapur team received the maximum accolades and appreciation and won the competition for presenting the unity and diversity of AAPNA culture. The formal event came to an end with distribution of the AAPNA Yearbook, chronicling the year gone by, to all AAPNAites.

In the evening, the team came in their best "beach-wear" to head over to the beach party. And what a party it was! A big thanks to Abhijit Roy for arranging the fire and neon-light dances by Russian artists, and to our ever-caring HR Team for the live DJ and music and scrumptious food and drinks flowing all round. Special recognition to Valerie for energizing the party. It was a herculean task to get the party to wrap up, given how AAPNA Bandaaz were high on energy and spirits!

With the two-day event wrapping up, the time had finally come for AAPNAites to bid goodbye to Goa and to travel back to their respective hometowns. Lots of AAPNA Bandaaz met each other physically for the first time, but established bonds for a lifetime!

As the weeks have gone by since the Annual Day concluded, many felt that they returned physically to their homes – while their minds and souls were still in Goa! It was truly an event of magical proportions – which connected one and all – and reconfirmed for everyone how truly lovely AAPNA is as an organization!

- Abhijit Roy

What an event we had in Goa! WOW! Goa was never in my list of destinations where I wanted to go in next 5 years, but AAPNA gave me and others a great surprise by organizing its 15th Annual Day in there. It was an amazing and unforgettable experience. During COVID-19, our life became so difficult that we thought that sitting at home is now our destiny for next many years, but the Magic In Goa proved us all wrong. 😊

We, the HRs, believe in meeting our team face to face, which we missed due to COVID. But, when we met everyone in Goa, we were the happiest one. It was like ZINDAGI NA MILEGI DOBARA sort of moment. Meeting everyone in person was amazing, everyone was so much energetic, excited, and overwhelming and of course "**AAPNA MAGIC IN GOA-MiG 2022**" was the success.

Seeing team members emotions during the Annual day awards ceremony was a great moment. It was very exciting to see others winning. I am sure everyone must have got lots of motivation, encouragement and would cherish these memories for long.

At last, I would like to convey thanks to Sanghamitra Roy and Abhijit Roy for giving me this Lifetime opportunity to witness **Magic in GOA**.

- Naveen Satywali

"Magic in Goa" it was really a Magic for all whoever been in Goa. That was a great experience and well-organized event. Enjoyed a lot on those 2 days. Everyone was recognized in such a great manner. The biggest part is meeting each and every one for the first time is such a WOW. Felt sad since at the end of the day as we had to leave the place. Waiting for another Magic in upcoming years. My special thanks to each one who made the event great especially to HR Team and BIG Heartily thanks to Mr. Abhijit and Mrs. Sanghamitra for such a Positive Vibe.

- Gnana Sekar Stephan P

Magic in Goa

Magic in Goa 2022 was magical as the name suggests. It was a celebration of felicitation, feast and festivity. I joined AAPNA in March 2022 and had just completed a month when the annual day was held, but I never felt as though I'm new here. It was great meeting my colleagues in person.

My special moment came when I was chosen to give away the Great Mentor Award to the man who never awards himself- Abhijit Roy.

I always believe that stressbuster events/trips are extremely important as they act as a catalyst for better productivity. AAPNA did just that!

- R. Rajiv

From my point of view virtual organization like AAPNA, must have event like "AAPNA MAGIC IN GOA-MiG 2022" every year and participance for all should be compulsory.

Because event like "AAPNA MAGIC IN GOA-MiG 2022" will increase team bond. Some people are new who never met team personally. After spending full three days together, sharing lunch and dinner table etc., will convert colleagues into friends. That is why now people are more excited to join coffee meets because after event our relationship with colleagues are more humanly. Personally, I enjoyed company of quality people full three days and all amenities AAPNA provide.

- Sachin Shah

Success of a magic lies in its planning, coordination, passion, thrill, enthusiasm, vision, timing and faith in magician.

AAPNA's annual day event at GOA had all the right ingredients to make it magical.

Magic was felt right from the moment we landed in GOA, joining the team, travelling in a bus & playing antakshari full masti mode.

A warm welcome was awaiting at the resort. In spite many of us were meeting for the first time, it did not stop us from having a blast on the beach. Splashing and jumping in water, in between short conversations, jokes, screaming posing for pics, that was a real connect and team building.

Despite being tired of all masti on the beach everyone was so energetic & enthusiastic for the pool party at night which was a blast. Next day everyone was excited to listen to their mentor's vision, participate in cultural events and most awaited event, Gala Dinner at the beach.

No words, pictures or videos can do justice to capture an electric atmosphere that was created at the Gala dinner. Next day we all departed to our destinations.

We all are now separated by distance but united by magical bond we created in Goa.

Magic in Goa

Writing this article made me realize it wasn't the beaches of Goa or resort of Goa or place Goa that made the event magical, it was the magic inside each one the AAPNAite's that made it magical.

Let's keep the magic inside each one of us alive to create many such magical moments.

Abhi toh party shuru hui hai……

-**Kavita Shah**

Firsts are always special and being an AAPNA Commando now, I luckily have a bunch of *firsts* in my bounty!

AAPNA being my first virtual organisation, it was my delightful honour to be part of the first ever corporate Annual Day planning team, that too in Goa, my first visit to this magical place, with first ever in-person meet, with the entire team! It was my first ever offsite with Team, that too for first Annual Day attended in my career! Doesn't that sound too awesome, firstly!

The biggest share of gratitude goes out to our leaders, Abhijit Roy and Sanghamitra Roy, who stood by us like pillars, like true mentors, guiding us through. I think the whole idea to make the MAGIC IN GOA Annual Day celebration, a larger-than-life experience, did turn into reality! I am sure the entire team would agree to that!

The 3 letters, that describes my experience of AAPNA Annual Day is WOW – Wonderful, Outstanding & Welcoming! It felt as if the energy of the team were vibrating at the highest possible frequency and all we could experience is positivity, warmth, comfort, celebration & fun! The zeal of in-person connects, chit chatting, cracking jokes with people whom you have been connecting virtually, beyond networks and screens, was such a contended feeling in itself!

If I look deeply, I could see the entire Goa experience as a big example of the attributes AAPNA inherits - Integrity in the entire planning, Mastery to cater to the unexpected, Passion to make it grand for everyone, Act Now for all last min contingencies, Courage to be there and support all team plans & Think forward to identify room for improvement for coming years! I did not realise that I completed 6 months here amidst all the fun, learning, planning, engagement and experimenting, but the complete Goa experience will always remain unparalleled & very close to my heart!

Thank You AAPNA for adding so many firsts to my list & building memories to be cherished for life!!

Priyanka Khatter

The presentation of the article is a significant cultural ritual in which we reflect on our accomplishments over the previous academic year and look forward to a fruitful year ahead. If the report is too short, it may imply that the organization has been sleeping all year; nevertheless, if it is too long, you may fall asleep; so, in order to strike a balance, I will conclude it in 5 minutes.

Before I begin to give my article, I'd want to thank Abhijit Roy and Sanghamitra Roy, an intelligent CEO and exceptional Chief Human Resource Officer respectively, for making the Annual Day Celebration at MAGIC IN GOA a huge success.

To begin with, the entire AAPNA was at the Betalbatim Beach enjoying the activities organized and having fun except Sanghamitra Roy and Raginee who were waiting for us to finish the legalities without leaving a single employee behind during the evening after a long journey. The greatest part was that they arranged a fantastic late-evening lunch for us and accompanied us to the beach for more fun, demonstrating that those who work here are not treated as employees but as members of the AAPNA family.

Magic in Goa

Going on, there was a lot of fun that was organised in a systematic method, such as entertainment near beaches, great food, luxurious stay at the resort, dance, music, dramas, awards, return presents, and so on, making it the most satisfied trip of AAPNA MAGIC In GOA – MIG 2022.

I was lucky enough to spend my time in Goa on a work trip for the annual day, which gave me the opportunity to see the beaches in their totality, as well as the ambiance offered by the organisation. The trip gave us a better understanding of the potential of MAGIC In GOA, as well as a better understanding of what we're commemorating, namely the Annual Day Celebration 2022, in the hopes of capturing some Indian sunshine, culture, and character.

We had a great time on our trip, and the route and experience were both fantastic. We talked about the beauty of the occasion the entire way and arrived home with happy recollections.

- *Heamchander CJ*

"Magic in Goa " it is not just a title; it is an emotion. Where I have created lots of memories & trust me it was the best part of my life. 3 days were like 3 years where I met our beloved AAPNAites. They all are exceptional from each-other & unique in their own way.

Journey from Kolkata airport to Goa beach was speechless. Since first flight experience to pool party at Colva beach, lots of fun in games. Night party at Baywatch Resort where when limited drinks became unlimited no one knows. Memorable part of the event was the speech from our CEO, Abhijit Roy, to all the AAPNAites, encouraging all of us to do best in our personal & professional lives. Next were the skits which made the day more interesting and special. I really enjoyed a lot in this with "SupremeGolf Dev team" and another "Unity in Diversity" from where I got winning prize. Last but least in this whole journey where I felt most alive was the beech party and unlimited drinks at Betalbatim beach. Late night party at beach side with fire dance was awesome.

I would like to conclude by stating that for me the whole journey and moment was priceless for me. I really enjoyed a lot. Thanks to the Aapna Team for giving me beautiful memories in my life.

Sangita Jha

I don't know where to start and how to express my feelings. AAPNA MAGIC IN GOA trip was awesome, impressive, everything was well organized - from welcoming at the reception, accommodation, games, events, meetings, foods, snacks, light dance, return gifts and party at the beach. Everything was extraordinary. Everyone's life was full of memorable moments. Some moments are quite unforgettable. CEO and the leaders' speech were truly motivating. Appreciations through awards were given to the AAPNA Commandos. That 2 days were awesome days.

All the team members were new to me, but we all met and exchanged good wishes just like family members. Overall, I enjoyed myself and also learned many things from everyone I met. Thanks for the wonderful event and thanks for everyone

- *Bhuvaneshwari R*

Magic in Goa

MIG 2022, Magic in Goa, this was not an official event. Hey, why are you surprised? yes, you have read it correct.

It's true in many aspects and at the end you will also say the same.

It was more like a family function. Yes, It was a family get together where AAPNA family Members met and had a lot of fun and lots of lots of memories.

I have personally not visited office, I started my journey as "Work From Home" and before MIG 2022, I have met only a few AAPNAites personally. During the virtual coffee meets and other team engagement activities, I came to know many others. Just like family members, I met the AAPNAites in GOA, and enjoyed alot with them. There was no such feeling of meeting first time. With AAPNAites, there was caring, sharing and many more things to do. From our welcome to bidding bye to all, everything was fabulous. The beach activities, pool party, main event, cultural event, awards, gifts, surprises, Gala Dinner everything had left lots of memories in my mind.

It was really very nice interaction with all. Everyone was like Ekam and Sunya, Our Commando Mascots. But I would like to give my special thanks to the event organisers and HR team, who have worked hard to add a lot of fun and enjoyment in MIG (Magic in GOA).

- *Deepika Soni*

It's really surprising how fast time flies. It feels like that I have joined AAPNA few days back, but it's been almost 6 months. During this small journey I have made many friends and learned lot from them. Everyone is very helpful, friendly, and funny.

"AAPNA MAGIC IN GOA-MiG 2022 "it was my first meeting with almost everyone in person, it felt that I know them from many years. We did so many things together which cannot be expressed in words, it was an awesome and memorable experience being there.

It's a pleasure being a part of AAPNA.

- *Rahul Shaw*

For me, this event was close to my heart, as I met all the Commandos at AAPNA. 🤩 . I will cherish every moment of Magic in Goa!! Kudos to Abhijit and Sanghamitra for thinking of this huge plan and then to HR team to make it happen 👏 👏 . Everyone at AAPNA is so humble and friendly to each other. It felt like we know each other from long time 😊 The Magic in Goa was truly, lively and happening moment which is unforgettable, there were lot of joy and learnings for every one of us.

Lastly a big thanks to all AAPNAites to make this a grand success 😊

- *Nikhil BR*

"A Reel to the Virtual World…"

🏅 Rewards & Recognitions

HRD Column

A big THANK YOU to each and every AAPNAite for being part of the celebration with so much zeal and excitement. AAPNA MiG 2022 was an Epitome of Culture, Care, Value, and Ownership. Engaging in Team Building activities portraying the attribute of Togetherness, and commandos getting awarded for their skills portraying the attribute of Value, every AAPNAite actively took part to ensure safety of each other during the event, as portraying the attribute of Care and AAPNAites being worthy Owners of AAPNA via ESOP depicts Ownership. Thus, we can say M.I.G in true sense depicted the culture at AAPNA, where every AAPNAite has truly and heartily represented the tenants of AAPNA Commando. 😊

Cheers to You All 😊
